BHABHA UNIVERSITY BHOPAL

CS-401 Dissertation Part- II

Here, Students have to prepare Thesis also called as Dissertation Part-II. Here students have to expand the work done in the Dissertation Part-I. In this, students have to continue the work after Dissertation Part-I such as selecting Base Paper from a reputed Journals of those areas in which students are interested to continue their research, Reading the base paper to understand in best manner.

Writing a Dissertation Part-II or Thesis is to make a research project which students have to complete to get their M.Tech. degree. The main purpose of such paper is to show the committee your research conducting skills in discipline and present some original content that provides value for both scientific and academic communities.

Despite the fact that, usually, you will have a mentor/guide responsible for your work and able to tell you how to write the paper properly, for the most part this project is independent and requires concentration, knowledge of the topic, fresh ideas and some research from you. The thesis must be more than 90% Plagiarism free i.e. Unique. After Completing & verifying by the guide students have to prepare PPT of the thesis & give presentation of the work in front of various experts.

In the Dissertation Part-II students have to write:

- 1) Introduction in Detail about the topic
- 2) Objectives
- 3) Literature Survey/Review
- 4) Problem Formulation
- 5) Proposed Method
- 6) Simulation and Result Analysis
- 7) Conclusion
- 8) Future Scope
- 9) References
- 10) List of Publication
- 11) Plagiarism Report
